Message from the Chairs

It is our great honor as chairs of this year’s AAFPRS Annual Fall Meeting to welcome you to come to Orlando. We hope you enjoy the many fun things this city has to offer.

We have planned a program full of learning opportunities covering all aspects of facial plastic and reconstructive surgery in various formats: panels, lectures, workshops, free paper presentations, and instruction courses. To note, we have organized the instruction courses in four different topics that will be running concurrently each afternoon. These topics include aging face and rhinoplasty; non-surgical and office-based; business management and marketing; and reconstructive surgery. This allows you the flexibility of attending one course at a time in four different topic areas.

The annual Essentials in Facial Plastic Surgery seminar for residents is scheduled on Saturday and the 4th Annual Microvascular Workshop is scheduled on Sunday; we hope that AAO-HNSF meeting attendees have taken the opportunity to participate in these two bridge-day courses.

We welcome the Organization of Facial Plastic Surgery Assistants (OFPSA) to this meeting as well. They have prepared a unique three day program on various talks and lectures on practice management, ancillary procedures, and industry trends and standards.

Social activities for the week will include a Welcome Reception in the Exhibit Hall on Thursday. Make sure you come by and interact with the exhibitors and visit with your colleagues. Stop by the AAFPRS Booth to view the newly launched Robert L. Simons Archives and Heritage Center and experience our 50th Anniversary tribute. Also, a celebration of the 20th Anniversary of our FACE TO FACE: The National Domestic Violence Project is on Friday evening.

Orlando is a favorite destination of many and we hope that you enjoy the city while we promise to make your educational experience one that you will not regret.

---

Message from the President

I am delighted to welcome all of you to my state and the exciting city of Orlando. I hope that you have your family here with you to make lasting memories.

Drs. Phillip R. Langsdon and Anthony E. Brissett, have put together an intense, thorough program packed with papers, panels, and courses in all our areas of expertise. Many of the presenters are from the next generation of teachers and leaders. They are fresh minds with innovative thoughts that will stimulate us all to be better and more critical in our thought process. As always, we long to hear from our long-standing teachers for their tried and true experiences and for their wisdom.

I am happy to welcome our invited guest speakers. For the Gene Tardy Scholar, I could think of none more appropriate than Richard T. Farrior, MD—the only surviving president among our first eight presidents and he is one of five from our first 18 presidents. To have some perspective, he was the president when the Academy was in its fourth year, Lyndon Johnson was U.S. president, Martin Luther King, Jr., was alive, and the Vietnam War was raging. Dr. Farrior has a perspective on this Academy that no one else can possess. He was there and was integral to its founding. Do not miss his talk entitled, “Education, as a Teacher, Always a Student.”

The John Conley lecture will be particularly fascinating, entitled, "Beautification for Eternity, Mummification in Ancient Egypt" and is presented by Robert Brier PhD, from Long Island University. He is the world’s expert in mummification and has even mummified a modern man using the techniques practiced by the ancient Egyptians—quite possibly the only person to have done this in the last 2000 years.

For the Jack Anderson lecture, we have none other than the artist that preserved Jack Anderson in a bust he created at the 11th International Symposium. Gary Sussman’s lecture is, "The Integration of Art and Sculpture into Cosmetic Surgical Training and Practice." This is indeed an opportunity for us all to expand our appreciation of what makes an aesthetically pleasing face.

Finally, we are honored to have Anna Pou, MD as the speaker for the Women in Facial Plastic Surgery Luncheon. Dr. Pou was one of the doctors trapped at Memorial Hospital in New Orleans who volunteered to stay during Hurricane Katrina and was forced to deal with "end of life" issues for some acute care patients of New Orleans. Her talk is entitled, "Surviving the Deluge."

Welcome to Orlando; enjoy the meeting and feel free to embrace (or avoid) the funny creature with the lop ear deformity who has made central Florida famous.
**Target Audience**
The meeting is offered for continuing medical education of medical students, residents, fellows, and practicing physicians (MDs and DOs) in the field of facial plastic and reconstructive surgery. The program is for physicians with all levels of experience and covers aesthetic, reconstructive, and congenital issues relevant to this specialty.

**Accreditation/Credit Designation**
The AAFPRS Foundation is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The AAFPRS Foundation designates this live activity for a maximum of 25.5 AMA PRA Category 1 Credits™ (plus 5 for the Microvascular Workshop). Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Learning Objectives**
The course directors, AAFPRS Foundation, and CME Committee strive to formulate a program that is contemporary, unbiased, and relevant. After attending the plenary sessions, the participant should be able to:
- Recognize the multiple modifications of facelift surgery and apply them appropriately.
- Detail the current approaches, which can be used for periorbital rejuvenation.
- Discuss the concept of a comprehensive approach to midface rejuvenation.
- Identify ideal candidates for fat transfer and explain the techniques involved leading to a successful outcome.
- Detail the tenets related to successfully managing your office staff.
- Describe the principles involved in choosing new technology and applying it to your practice.
- Discuss the principles and techniques for the current use of neurotoxins and fillers.
- Detail the possible pitfalls and complications associated with neurotoxins and fillers.
- Discuss appropriate patient selection with respect to the use of the appropriate lasers, understanding which laser works best for a given skin condition.
- Explain the various treatment algorithms for tip contouring and projection in rhinoplasty surgery.
- Understand the methods available for the reconstruction of large nasal defects.
- Understand the details involved in contemporary management of ear reconstruction.
- Recognize how to apply contemporary concepts in nasal valve surgery.

**Invited Speakers**

**Jack Anderson Lectureship**
Gary Sussman, Sculptor
We are honored to have Mr. Sussman as this year’s Jack Anderson Lecturer. Mr. Sussman will address the AAFPRS members with his insightful talk on “The Integration of Art and Sculpture into Cosmetic and Reconstructive Surgical Training and Practice,” scheduled at 10:45am, Thursday, September 18, 2014.

**John Conley Lectureship**
Bob Brier PhD, Egyptologist
This year’s John Conley Lecturer is Dr. Brier who will engage us all in his talk on “Beautification for Eternity: Mummification in Ancient Egypt,” scheduled at 8:45am, Friday, September 19, 2014.

**Gene Tardy Scholar**
AAFPRS fourth president, Richard T. Farrior, MD, will be this year’s Gene Tardy Scholar lecturer. Do not miss the lecture entitled, “Education, as a Teacher, Always a Student,” scheduled at 10:15am, Saturday, September 20, 2014.

**Women in Facial Plastic Surgery Guest**
The AAFPRS is honored to have Anna Pou, MD as the speaker for the Women in Facial Plastic Surgery Luncheon, scheduled at Noon on Friday, September 19, 2014. Her talk is entitled, "Surviving the Deluge" and all are invited to attend.

This year’s guest country is Brazil. The AAFPRS wishes to welcome our special guests from Brazil!
**Hotel Information**
Hilton Orlando Hotel
6001 Destination Parkway, Orlando, FL 32819
General Phone (407) 313-4300
General Fax (407) 313-4301 (Business Center)

**Schedule-at-a-Glance**
Most sessions will be held at the Orange County Convention Center unless otherwise noted as Hilton Orlando Hotel or off-site.

**Wednesday, September 17, 2014**
7:30am - 3:00pm
Committee Meetings (Hilton Orlando Hotel)
3:00pm - 10:00pm
Board Meetings (Hilton Orlando Hotel)

**Thursday, September 18, 2014**
7:30am - Noon
Welcome Remarks from Program Chairs
Facial Plastic Surgery in a Multicultural Nation: Tips from Brazil
New Innovations and Emerging Trends

1887 Member and Reception
To all 1887 members in fiscal year 2013 and 2014 (see list on page 37), we look forward to seeing you at the 1887 Reception on Saturday, September 20, 2014 from 5:30pm to 6:30pm. If you would like to make a donation to the AAFPRS Foundation, this is a great way to do it. An 1887 member is one that gives at least $1,000 (cash) in a fiscal year. Become an 1887 Member today! For more information, contact Ann H. Jenne at: aholton@aafprs.org.

AAFPRS Membership Booth
Make sure you come by the AAFPRS booth and have a peek at the new Robert L. Simons Archives and Heritage Center. Here, you may also pick up your 50th Anniversary give-away (while supplies last) and participate in other surprises.

Credentials Table
If you are an AAFPRS member and are eligible to vote and have not voted online or by mail earlier this summer, you can stop by the Credentials Table to pick up your ballots on Saturday, September 20, 2014 at 8:30am. The Business Meeting and Elections will begin promptly at 9:00am.

Exhibition
The exhibition will be at the Orlando Convention Center, Hall WD-1, and will have our loyal exhibitors and some new companies featuring their latest products and technology. All breaks and lunches, as well as the Welcome Reception, will be held in the Exhibit Hall to maximize your time with our exhibitors. Only registered physicians and registered spouses and guests will be admitted into the exhibition.

20th Anniversary FACE TO FACE Event
Come join us to celebrate the 20th Anniversary of FACE TO FACE: The National Domestic Violence Project on Friday, September 19, 2014 from 7:00pm to 8:30pm at the Convention Center, Room W314. This event is sponsored by the FACE TO FACE and Young Physicians Committees.

Fellowship Directors Luncheon
All AAFPRS fellowship directors are invited to a luncheon on Thursday, September 18, 2014 from Noon to 1:00pm, Room W225.

Founders Club Dinner
A dinner for all Founders Club members will be held off-site on Saturday, September 20, 2014 from 8:00pm to midnight, and is by invitation only. Transportation will be provided at the hotel at 7:30pm.

Past Presidents’ Dinner
A dinner for all AAFPRS past presidents will be held off-site on Thursday, September 18, 2014 from 8:00pm to 11:00pm, and is by invitation only. Transportation will be provided at the hotel at 7:45pm.

Registration
The Registration Desk, located in the West D Lobby, will be open daily from 7:00am to 5:30pm.

Welcome Reception
All registered attendees are invited to the Welcome Reception on Thursday, September 18, 2014 from 5:30pm to 7:00pm in the Exhibit Hall. This will be an opportunity for you to mingle with your colleagues and meet and greet some new ones as well as discover what the exhibitors have in store for you. Guests and spouses who are not registered for the meeting may purchase a ticket to attend the Welcome Reception.

Women in Facial Plastic Surgery (WFPS) Luncheon
All AAFPRS members are invited to attend this luncheon with guest speaker Anna Pou, MD, on Friday, September 19, 2014 from Noon to 1:00pm, Room W225. There is no charge; however, please let the Registration Desk know if you wish to attend.

Meeting Site
The meeting will be held at the Orange County Convention Center
9800 International Drive - West Building
Orlando, FL 32819
Day 1: Thursday, September 18, 2014

Morning Session: (Room W224C/D/G/H)

Scott Shadfar, MD; Brian C. Lobo, MD; and Stephen W. Perkins, MD

4:30pm - 5:20pm (Room W224E)
Moderator: Jessyka Lighthall, MD
4:30pm FP19 An Alternative Method for Cervical Skin Closure: Our Institutional Experience with the Absorbable Skin Stapler in Neck Incisions
Anand Dugar, MD and William W. Shockley, MD

4:38pm FP20 Simplified Horizontal Mattress Full-Thickness Eyelid Defect Repair
Craig Czyz, MD; Julia E. Reid, MD; and Kelly R. Everman, MD

4:46pm FP21 The Various Presentations of Sagittal Craniosynostosis and Scaphocephaly: A Case Series
Debdeep Banerjee, MD; Charles Saadeh, MD; Joshua C. Demke, MD

5:02pm FP23 The Social Penalty of Facial Lesions: New Evidence Supporting High Quality Reconstruction
Jacob K. Dey, MD; Masaru Ishii, MD, PhD; Patrick J. Byrne, MD; Kofi Boahene, MD; and Lisa E. Ishii, MD

5:10pm FP24 Vascularized Fascial Lata Free Tissue Transfer for Scalp Reconstruction
Jeff Markey, MD; P. Daniel Knott, MD; Rahul Seth, MD; William Ryan, MD; and Steve Wang, MD

Introducing the newly launched Robert L. Simons Archives and Heritage Center

Come by the Exhibit Hall and visit the AAFPRS Booth to preview the new archival center. See some amazing artifacts and the 6-foot piece of our “Family Forever Young” artwork. Participate in a history quiz and a chance to win an iPad.
Day 2: Friday, September 19, 2014

Morning Session (Room W224C/D/G/H)
7:30am - 8:30am
**Lower Eyelid Surgery vs. Fillers**
Moderator: J. Randall Jordan, MD
7:30am Improving the Tear Trough with Filler and Adjunctive Measures
Mark Beaty, MD
7:45am Improving the Tear Trough with Surgery
John Hoffman, MD
8:00am Fat Transposition Blepharoplasty (video)
J. Randall Jordan, MD
8:15am My Approach to the Lower Eyelid and Tear Trough
Edwin H. Williams, III, MD
8:30am Outgoing Presidents Address
Edward H. Farrior, MD
8:45am **John Conley Lectureship**
Beatification for Eternity: Mummification in Ancient Egypt
Bob Brier PhD, Egyptologist
9:00am - 10:00am
**PANEL: Addressing the Midface in Patients of Ethnic Descent**
Moderator: Anthony E. Brissett, MD
9:30am Understanding Volume Loss vs. Gravitational Aging: What Makes this Different?
Roxana Cobo, MD
9:45am My Surgical and Non-surgical Approach to the Midface
Phillip R. Langsdon, MD
9:50am Finishing Touches, Addressing the Skin and Soft Tissue Envelope
Sam M. Lam, MD
10:00am - 10:30am Break in the Exhibit Hall (Hall WD1)
10:30am - Noon
**Evidenced Based Medicine Presentations**
Moderator: Lisa M. Ishii, MD
Evidence Based Medicine is the process of considering the best available evidence, patient preference, and personal experience when making decisions about patient care. The EBM/Research session will highlight practical examples of research innovations and evidence that facial plastic surgeons can apply broadly in their practice. We will further highlight research gaps, and areas of opportunity to coordinate research efforts and achieve higher levels of evidence.
10:30am Key Points in EBM
Lisa M. Ishii, MD, MHS
10:45am Updating the Evidence: Prevalence of Body Dysmorphic Disorder (BDD) in Facial Plastic Surgery & Screening Methods for Early Detection
Lisa M. Ishii, MD, MHS
11:00am Bionics and Artificial Muscle for Facial Reanimation
Travis Tollefson, MD, MPH
11:15am The Rhinoplasty Collective, A Prospective Outcomes Study
Benjamin C. Marcus, MD
11:30am The Status of Evidence in Functional Rhinoplasty
Sam P. Most, MD
11:45am Engineering Safer Systems: A Look at Safety and Quality in Facial Plastic Surgery
Michael Brenner, MD and Matthew Kienstra, MD
Noon - 1:00pm Lunch in the Exhibit Hall (Hall WD-1)
Women in Facial Plastic Surgery Luncheon
See page 13 for details (Room W225)
1:00pm - 5:30pm
Instruction Courses (see page 13)
1:30pm - 5:30pm (Room W224E)
(Aging Face/Rhinoplasty Workshop)
**Contemporary Facelift**
Moderator: Phillip R. Langsdon, MD
1:30pm Purse String Facelifts
John L. Frodel, Jr. MD
1:50pm The Deep Plain Approach
Andrew A. Jacono, MD
2:10pm The Long Flap Facelift
Sheldon S. Kabaker, MD
2:30pm Direct Cervicoplasty
J. Randall Jordan, MD
2:50pm Minor Revisions in Facelift
Jefferson Kilpatrick, MD
3:10pm Vertical Vector Facelift Under Local Anesthesia
Javier Dibildox, MD
3:30pm Doing One's Best to Perform a Safe Facelift and Minimizing Complications
William H. Truswell, MD
3:50pm The Post Auricular Incision in Facelift, Is it Really Necessary?
Ira D. Papel, MD
4:10pm Handling the Pre Jowl Region and Chin
Harry Mittelman, MD
4:30pm Panel Discussion: Four Select Cases
Stephen W. Perkins, MD, Panel Moderator
1:30pm - 5:00pm (Room W224A)
(Non-Surgical/Office-Based Workshop)
**Update on Lasers/Devices**
Moderator: Paul J. Carniol, MD
1:30pm Continuous Radiofrequency for CervicoFacial Skin Tightening
TBD
1:40pm True Sculpt for Fat Reduction
Harry Mittelman, MD
Continued...
Day 2: Friday, September 19, 2014

1:50pm Ultrasound for CervicoFacial Skin Tightening
Andrew C. Campbell, MD

2:00pm Laser Treatment of Scars, Acne Scars
Lisa Grunenbaum, MD

2:10pm PicoPulse Laser
Paul J. Carniol, MD

2:20pm Cool Sculpting
Jill L. Hessler, MD

2:30pm Subcutaneous Radiofrequency
Richard D. Gentile, MD

2:40pm Fractional Lasers for CervicoFacial Skin Tightening, Rejuvenation
Mark Hamilton, MD

2:50pm Combined Vacuum and Radiofrequency
Theda C. Kontis, MD

3:00pm Hydradermabrasion: A Non-invasive Rejuvenation Option for Latin American Skin
David Galarza, MD

3:10pm Panel: Avoiding and Managing Complications of Energy Devices
Lisa Grunenbaum, MD; Andrew C. Campbell, MD; Jill L. Hessler, MD; Harry Mittelman, MD; and Theda C. Kontis, MD

3:30pm - 5:30pm (Room W222B)
(Business Management/Marketing Workshop)
Attracting Patients (not a CME activity)
Moderator: Seth A. Yellin, MD

1:15pm - 5:30pm (Room W222B)
(Business Management/Marketing Workshop)
Attracting Patients (not a CME activity)
Moderator: Seth A. Yellin, MD

1:15pm If a Photo is Worth a Thousand Words, What's a Good Before and After Set Worth?
Candace Crowe

1:40pm Data-driven View of the Online Facial Aesthetic Consumer: Behaviors, Attitudes, Trends
Tom Seery

2:05pm Automated Patient Attraction Protocols
Markus Heitkoetter

2:30pm Patient Online Reviews
Catherine Maley

2:55pm Transforming Inquiries into Booked Procedures
Glenn Morley

3:20pm How to Handle the Unhappy Patient and Your Malpractice Premium
Brent Koch, MD

3:45pm Merging Social Media with SEO
Timour Haider

4:15pm Consultation Success, Is it up to you or our Staff?
Dana Fox

1:30pm - 3:00pm (Room W222A)
(Reconstruction Workshop)
Contemporary Management of Microtia and Ear Reconstruction
Moderator: Jonathan M. Sykes, MD

1:30pm Soft Tissue Reconstruction and from Bench to Beside
Ron Eavey, MD

2:00pm Microtia Repair with Med Pore
Seth A. Yellin, MD

2:30pm Microtia Repair with Autogenous Rib
Jennifer Kim, MD

3:45pm - 5:15pm (Room W222A)
(Reconstruction Workshop)
Panel: Finesse in Near Total and Total Nasal Reconstruction
Moderator: Kofi Boahene, MD

3:45pm Planning for Extensive Nasal Defect Reconstruction: Models, Templates and Reverse Engineering
Patrick J. Byrne, MD

4:05pm The Fascia Lata Flap for Nasal Lining
Mike Fritz, MD

4:25pm Solving the Lining Problem: The Prelaminated Forehead Flap
Holger Gassner, MD

4:45pm Putting it All Together: Three Complex Cases
Open discussion

5:30pm - 7:00pm (Room W222B)
Industry Sponsored Lecture
“Make Money While You Sleep” featuring Restorsea and Its Novel MD Affiliate Program
(This is not a CME activity. See details on page 45.)

20th Anniversary FACE TO FACE Event
Come join us to celebrate the 20th Anniversary of FACE TO FACE: The National Domestic Violence Project on Friday, September 19, 2014 from 7:00pm to 8:30pm at the Convention Center, Room W314. This event is sponsored by the FACE TO FACE and Young Physicians Committees.

The AAFPRS wishes to thank Merz for their non-educational support of this event.
Day 2: Friday, September 19, 2014

AFTERNOON INSTRUCTION COURSES
(50-minute sessions running concurrently; the rooms are noted below the IC numbers.)

1:00pm - 1:50pm
IC25 Corrective Rhinoplasty in the Younger Patient
W221A Fred G. Fedok, MD
IC26 Finesse in Nasal Reconstruction: The Bilaminated
W221B Forehead Flap
Holger Gasner, MD and Kofi Boahene MD
IC27 Microvascular Surgery for the Facial
W221D Reconstructive Surgeon
P. Daniel Knott, MD; Michael Fritz, MD; and Rahul Seth, MD
IC28 Autologous Grafting in Ethnic and Asian
W221E Rhinoplasty: The "Organic" Approach
Paul S. Nassif, MD and Donald B. Yoo, MD

2:00pm - 2:50pm
IC29 Contemporary Management of Orbital Floor
W221A Fractures
Harley S. Dresner, MD and Jessyka G. Lighthall, MD
IC30 Entrepreneurial Considerations for the Innovative
W221B Surgeon
Harry Mittelman, MD; Jeffrey S. Epstein, MD; William J. Binder, MD; and Paul J. Canniol, MD
IC31 Concepts, Analysis and Techniques in African
W221C American and Hispanic Rhinoplasty
Ife Sofola, MD; Kofi Boahene, MD; and Javier Dibildox, MD
IC32 Management of the Columellar-Alar Relationship
W221D in Rhinoplasty
John L. Frodel, Jr., MD
IC33 Implementing Emergency Response Protocols to
W221E Ensure Safe Overseas Outreach Surgical Programs
Krishna Patel, MD, PhD and Usama Hamdan, MD

2:50pm - 3:30pm Break in the Exhibit Hall (Hall WD1)

3:30pm - 4:20pm
IC34 A Tailored Approach to the Devolumized Aging
W221A Lower Eyelid: Non-Surgical and Surgical
Approaches, for What Patient and When
Andrew A. Jacono, MD
IC35 Dash for Cash Using Modern Payment Technology
W221B Glenn Morley
IC36 Surgery of the Nasal Valves: Optimizing Outcomes
W221C for Nasal Obstruction
Amar Suryadevara, MD and Parul Goyal, MD
IC37 The Right Plane Lift: An Evidence Based Approach
W221D for Face Lifting Technique
Benjamin C. Marcus, MD
IC38 Contemporary Management of Long-term Facial
W221E Paralysis
Douglas K. Henstrom, MD

4:30pm - 5:20pm
IC39 Cartilaginous Vault Surgery in OSA Patients
W221A Rodolfo Lugo-Saldana, MD and Nicolas Heredia, MD
IC40 Levator Aponeurectomy - A Simplified Technique
W221B for External Ptosis Repair
John Martin, MD
IC41 Management of the Difficult Nasal Bridge
W221C Steven R. Mobley, MD and Ivan Wayne, MD
IC42 Facial Plastic Surgery Emergencies: Recognition,
W221D Management and Prevention of Complications
Sydney C. Butts, MD; Theda C. Kontis, MD; Laura Hetzler, MD; and Krishna Patel, MD, PhD
IC43 Concept and Management of Senile Orbit
W221E Elan Carolina David Joao De Masi, MD

Women in Facial Plastic Surgery (WFPS) Luncheon
Friday, September 19, 2014, Noon-1:00pm (Room W225) Title: "Surviving the Deluge"

We are honored to have Dr. Anna Pou as our guest speaker. She is a very skilled and compassionate "cancer care" surgeon who followed in her father's footsteps by entering the practice of medicine. Like her father, Dr. Fred Pou, an internist for over 40 years in the New Orleans Ninth Ward, (the area most effected by Hurricane Katrina flooding), Dr. Pou is known as a patient oriented doctor, who frequently gives patients her cell phone number. Dr. Pou had returned to New Orleans to practice one year before Hurricane Katrina to rejoin her family and to make a difference in her native State.

Dr. Pou was one of the doctors trapped at Memorial Hospital in New Orleans who volunteered to stay during Hurricane Katrina and, as conditions at the hospital deteriorated, she was forced to deal with "end of life" issues for some acute care patients, while the government, at all levels, abandoned the doctors, patients and the citizens of New Orleans.

Anna M. Pou, MD, is currently a Professor and Program Director in the Department of Otorhinolaryngology at the LSU Health Sciences Center, in New Orleans as well as a member of the Stanely S. Scott Cancer Center. She is a diplomat of the American Board of Otolaryngology, a Fellow of the American College of Surgeons and a member of the American Head and Neck Society and the Society of University Otolaryngologists.

The AAFPRS Foundation wishes to thank Ulthera for their non-educational support of the Women in Facial Plastic Surgery Luncheon.
Day 3: Saturday, September 20, 2014

Morning Session (Room W224C/D/G/H)

7:30am  
50th Anniversary Tribute  
"Forever Young" A 50th Anniversary Celebration Movie Presentation  
Robert L. Simons, MD

8:45am  
AAFPRS Research Grants and Awards

9:00am  
Business Meeting and Elections  
Leadership Recognition  
Incoming President's Address

10:00am  
Gene Tardy Scholar  
Education, as a Teacher, Always a Student  
Richard T. Farrior, MD

10:30am  
Break in the Exhibit Hall (Hall WD1)

11:15am - Noon  
Panel: State of the Art in Fat and Stem Cells  
Moderator: TBD

11:15am  
PRP and its Role in Regenerative Medicine  
Anthony P. Sclafani, MD

11:30am  
Clinical Experience with Stem Cells in Reconstruction  
Steve Metzinger, MD

11:45am  
Clinical Experience with Stems Cells in Cosmetic Applications  
W. Greg Chernoff, MD

Noon - 1:00pm  
Lunch in the Exhibit Hall (Hall WD1)

1:00pm - 5:30pm (Room W224A)  
(Non-Surgical/Office-Based Workshop)  
Hair Procedures for the Facial Plastic Surgeon  
FUE and More

1:00pm - 5:30pm  
Hair Restoration Basics  
Moderator: Sam M. Lam, MD  
1:00pm  
Welcome and Introduction  
1:05pm  
What I have Learned in 40 Years of Doing Hair and What it Can Mean for You as a Facial Plastic Surgeon  
Sheldon S. Kabaker, MD

1:15pm  
What I have Learned in 20 years of Doing Hair and What it Can Mean for You as a Facial Plastic Surgeon  
Jeffrey S. Epstein, MD

1:25pm  
What I have Learned in 13 years of Doing Hair and What it Can Mean for You as a Facial Plastic Surgeon  
Sam M. Lam, MD

1:35pm  
Hair Loss Basics and Hairline Design for the Facial Plastic Surgeon  
Sam M. Lam, MD

1:50pm  
FUG Donor Harvesting and Procedure Execution  
Daniel E. Rousso, MD

2:05pm  
Q&A

Perspectives in FUE  
Moderator: Jeffrey S. Epstein, MD  
2:10pm  
How We Do FUE: Motorized  
Gorana Kuka, MD

2:25pm  
FUE vs FUG: Decision Making  
Sam M. Lam, MD

2:35pm  
How to Incorporate FUE into an FUG Practice--The "Hybrid" Approach  
Jeffrey S. Epstein, MD

2:45pm  
Panel Discussion: FUE--Practicalities, Pitfalls, Problems

Specialized Topics in Hair Restoration for the Facial Plastic Surgeon  
Moderator: Sheldon S. Kabaker, MD  
3:50pm  
Forehead Reduction/Hairline Advancement  
Sheldon S. Kabaker, MD

4:05pm  
Concepts in Treating Women with Hair Loss  
Lisa M. Ishii, MD

4:20pm  
Boutique Procedures: Eyebrows, Sideburns, Beards, Reparative  
Jeffrey S. Epstein, MD

4:30pm  
Regenerative Medicine: PRP/ACell  
Sam M. Lam, MD

4:40pm  
Possible Role of Regenerative Cells in Treating Hair Loss  
Gorana Kuka, MD

The AAFPRS Foundation wishes to thank PCA Skin for their educational support of the AAFPRS Awards Program.
**Day 3: Saturday, September 20, 2014**

**Business & Marketing in Hair Restoration**  
Moderators: Jeffrey S. Epstein, MD and Sam M. Lam, MD

4:50pm  My First Few Years in the Business: What You Need to Know  
Tony Bared, MD

5:00pm  How To Build an Assistant Team–Video  
Narrated by Emina Karamanovski, MD

5:10pm  Marketing Discussion  
Anthony Bared, MD; Jeffrey S. Epstein, MD; and Sam M. Lam, MD

5:25pm  Q&A

1:30pm - 3:30pm (Room W222B)  
**(Business Management/Marketing Workshop)**  
**I’ve Finished Training, Now What?**

*Moderators: Taha Z. Shipchandler, MD and Sunny Park, MD*

This series of 10 minute talks is designed specifically for the FPRS fellows, residents and FPRS members who are within the early stages of their careers (i.e. the first 5 years). It will highlight the challenges that occur every step of the way from finding the right job, discussing and negotiating a contract, setting up the practice in different settings (i.e. solo vs. partnership vs. academic), early opportunities (both in the Academy, financial and academic), building referrals, improving results and progressing to the "next level." This session will focus on thinking "outside the box" to be successful.

1:30pm  A Guide to Your First Year in Practice  
Sunny Park, MD

1:40pm  Can Academics be Like Private Practice?  
Looking Back at Five Years  
Taha Z. Shipchandler, MD

1:50pm  Transitions following Training  
Andrea Jarchow, MD

2:00pm  Struggles and Challenges when Starting in a Competitive Market  
Linda Lee, MD

2:10pm  Finding your Niche and Building a Practice Around It  
Noah Meltzer, MD

2:20pm  Learning from a Senior Partner  
Michael Kim, MD

2:30pm  Starting Your Practice Off Right  
Waleed Ezzat, MD

2:40pm  Contracts, Details, Joining an ENT Practice  
Ahmed Sufyan, MD

2:50pm  Opportunities Outside of Patients and Surgery--An MBA?  
Ryan Collar, MD

3:00pm  What would I Do Different Today?  
P. Daniel Ward, MD

3:10pm  How to Get Involved in the AAFPRS and Other Organizations as a Young Physician  
Andrew Winkler, MD

3:20pm  Q&A

**AFTERNOON INSTRUCTION COURSES**  
*(50-minute sessions running concurrently; the rooms are noted below the IC numbers.)*

1:00pm - 1:50pm  
IC44  Aggressive Surgical Techniques for Advanced  
IC45  The Lower Eyelid: Anatomic Considerations and Treatment Strategies  
IC47  Nasal Reconstruction: The Next Generation  
IC48  Non-Surgical Rhinoplasty: Less is More  
IC49  Refinements in the Use of PDS Plate during Rhinoplasty

1:50pm - 2:40pm  
IC50  Innovative Technical and Research Advances in Facial Reanimation: The Johns Hopkins Experience  
IC51  Seven Critical Steps: The Crooked Nose Algorithm  
IC52  Management of Facial Paralysis: Botox to Free Flaps  
IC53  An Interactive Course - Handling Extensive Facial Soft Tissue and Skeletal Injuries  
IC54  Considerations in Asian Facial Rejuvenation

2:40pm - 3:30pm  
IC55  Endonasal Management of the Nasal Tip  
IC56  Endonasal Management of the Nasal Tip

2:50pm - 3:30pm  
Break in the Exhibit Hall (Hall WD1)

---

The Exhibit Hall will close immediately after the afternoon break on Saturday, September 20, 2014.
3:30pm - 4:20pm
IC56  Anatomic Considerations for Nerve Transfers in Facial Nerve Reanimation Surgery
Jon-Paul Pepper, MD

IC57  Optimizing Facial Form and Function in the Setting of Head and Neck Cancer
Michael A. Fritz, MD; P. Daniel Knott, MD; and Rahul Seth, MD

IC58  Twenty-Five Year Experience with Extended Mandibular Implants and Malar Implants vs. Using Augmentation with Fillers
Harry Mittelman, MD and William J. Binder, MD

IC59  Straightening the Crooked Nose
Ivan Wayne, MD and Douglas M. Sidle, MD

IC60  Modern 3 Dimensional Multimodality Midface Rejuvenation: An Anatomic and Evidenced Based Approach
Andrew A. Jacono, MD

IC61  Design Strategies for Reconstruction of Nasal Defects
Krishna Patel, MD, PhD and William W. Shockley, MD

4:30pm - 5:20pm
IC62  Coding for the Facial Plastic Surgeon
P. Daniel Ward, MD; Krishna Patel, MD; and Brad Bader, MD

IC63  Surgical Management of Septal Perforations
Stephen F. Bansberg, MD and Alpen Patel, MD

IC64  Improving Outcomes in Mandibular Fracture Management: What the Current Evidence Tells Us
Sydney C. Butts, MD

IC65  Reconstruction of Acquired Auricular Defects
Timothy S. Lian, MD; Fred J. Stucker, MD; and Jennings Boyette, MD

IC66  Navigating Lower Eyelid Rejuvenation – Trim, Transpose, Lift, or Fill?
Craig Czyz, DO and Jill Foster, MD

IC67  Nasal Reconstruction – Nuances in Local Flaps and Grafting
Brian Jewett, MD

Day 3: Saturday, September 20, 2014
SATURDAY SEMINAR FOR RESIDENTS Essentials in Facial Plastic Surgery
1:00pm - 7:00pm (Room W224B)
Moderator: Stephen S. Park, MD

1:00pm  Introduction
Stephen S. Park, MD

1:10pm  Cutaneous Lesions and Flaps
Stephen S. Park, MD

1:50pm  Head and Neck Reconstruction/Facial Paralysis
Terry Day, MD

2:40pm  Syndromes and Congenital Problems
Jonathan M. Sykes, MD

3:30pm  Facelift/Liposuction/Cutaneous Resurfacing
Edward H. Farrior, MD

4:20pm  Rhinoplasty
Dean M. Toriumi, MD

5:10pm  Browlift, Blepharoplasty, and Office Based Procedures
Tom D. Wang, MD

6:00pm  Maxillofacial and Soft Tissue Trauma
John L. Frodel, Jr., MD

A reception immediately follows in Room W224F.
The AAFPRS wishes to thank Allergan for their non-educational support of the reception.

FOREVER YOUNG Movie Presentation
This meeting continues the celebration of our 50th Anniversary. One event that shouldn’t be missed is the showing of “Forever Young”. This film is based on the past, present and future of our “Academy family” and has already drawn rave reviews from preview audiences:
….."The cameo roles were unbelievable!"
….."Richard Farrior deserves Oscar consideration."
….."Simons, Chatham and Cox have once again delivered a blockbuster!"
Make sure you are present to see what all the buzz is about, Saturday, September 20, 2014 at 7:30am.
Afternoon Session (Room W224B)
1:00pm - 6:00pm

Microvascular Workshop
1:00pm Introduction and Reflections
Mark Wax, MD and Edward H. Farrior, MD

Session 1: Moderator: Urjeet Patel, MD
1:10pm Tips From Around the World
Brett Miles, MD
1:20pm Low Volume Microvascular Reconstruction: Feasibility and Outcomes
Sherard A. Tatum, MD
1:30pm Outcome Measures in Free Flaps
Derrick Lin, MD
1:40pm Defect Classification and Outcomes
Alexander Langerman, MD
1:50pm Cases From the Deep Dark Night
Mark Wax, MD; Daniel Deschler, MD; Daniel S. Alam, MD; Eric Genden, MD; and Lisa Shnayder

Session 2: Moderator: Rod Rezaee, MD
2:35pm Management of Pharyngocutaneous Fistula
Amy Pittman, MD
2:45pm Economic Impact of Microvascular Head and Neck Surgeon
Scharukh Jalisi, MD
2:55pm The Use of ICG in Free Tissue Transfer
Waleed Ezzat, MD
3:05pm Pediatric Oromandibular Reconstruction
Yadranko Ducic, MD
3:15pm Great Debate Maxillary Reconstruction
Moderator: Greg Farwell, MD
I like bone, Matthew Hanasono, MD
I like Soft Tissue and an Obturator, Chad Zender, MD

3:30pm - 4:10pm Break

Session 3: Moderator: Joshua Hornig, MD
4:10pm New Trends in Post Op Management and Monitoring
Tamer Ghanem, MD
4:20pm Distal Anastomotic Stricture: Prevention and Management
Rod Rezaee, MD
4:30pm Scapula Tip in Head and Neck Reconstruction
Doug Chepeha, MD
4:40pm Jeopardy Hosted by Mark Wax, MD and Uttam Sinha, MD
Team One: Michael Fritz, MD; Jason Diaz, MD; and David Shonka, MD
Team Two: Derrick Lin, MD; Daniel Knott, MD; and Eric Lamarre, MD
Team Three: Urjeet Patel, MD; Ryan Heffelfinger, MD; and Alex Langerman, MD
5:25pm Free Flaps in Head and Neck Trauma
Freedom Johnson, MD

Day 4: Sunday, September 21, 2014
Poster Presentations

1. Refined Follicular Unit Hair Transplantation
   Treatment of Radiation Alopecia
   William H. Lindsey MD
2. Paramedian Forehead Flap for Reconstruction of the Nose
   Al Hafiz, MD; Huriyati Effy, MD; and Munilson Jacky, MD
3. Intraosseous Hemangioma of the Nasal Bones: Two Case Reports of a Rare Cause for Displeasing Nasal Appearance
   Priya Kesarwani, MD; Daniel R. Olney, MD; Ryan R. Shelton, MD; and Timothy D. Doerr, MD
4. Nasal Valve Aesthetic and Functional Improvement by Non-Surgical Augmentation
   Mohsen Naraghi, MD; Alain Fabrice Sontou, MD; and Masoud Boroojerdi, MD
5. Bony Nasal Valvuloplasty with the Ultrasonic Bone Aspirator
   Sudeep Roy, MD; Alfred M. Iloreta, MD; Howard D. Krein, MD; Edmund A. Pribitkin, MD; and Ryan N. Heffelfinger, MD
6. A Technique to Improve the Reliability of Profileplasty Using Adobe Photoshop
   Andrew Courson, MD and Grant S. Hamilton, MD
7. Novel Biofeedback Therapy for Facial Paresis/Paralysis
   Gregg William Schmedes, MD and Krishna Patel, MD, PhD

The popular AAFPRS Video Learning Center will be in the Exhibit Hall (Booth 310-314) and will be open to all meeting attendees. The John Dickinson Memorial Library has over 275 procedural and instructional DVDs which you can preview at the meeting. You may also purchase the DVDs on-site and receive a 10% meeting discount.
Organization of Facial Plastic Surgery Assistants (OFPSA) Program

(Room W222B)

Thursday, September 18, 2014
9:00am  Welcome Breakfast and Review Schedule for Meeting
9:30am  Welcome from the AAFPRS President
        Edward H. Farrior, MD
9:45am  The OFPSA Member of the Year Award
        (A Tribute to Excellence)
        Sponsored by CareCredit
        Kristi Fritz and Nick Mattia, Director of Sales
        Cosmetic, Weight, and Select Specialty, CareCredit
10:30am Break
10:45am Introduction of OFPSA Officers Roles and Election of Nominees
11:00am The Role of the Medical Aesthetician-Past and Present
        Jeannine Stevens, MA
11:30am The importance of the TEAM in a Practice
        Theda C. Kontis, MD
12:00pm - 1:00pm Lunch in Exhibit Hall

1:00pm  AAFPRS Business Management and Marketing

Friday, September 19, 2014
9:00am  New Patient Management
        Jason Tuschman Red Spot Interactive
10:00am How to Be Indispensable to Your Practice
        Catherine Maley
11:00am Break
11:15am Helpful Productivity and Cool Tools to Use in Your Practice
        Markus Heitkoetter
12:00pm - 1:00pm Lunch in Exhibit Hall

1:00pm  AAFPRS Business Management and Marketing

Saturday, September 20, 2014
10:00am Round Table Discussions: Pick the Brains of Your Colleagues!
11:00am Break
11:15am Announcement of OFPSA Officers for 2014-2015 year
12:00pm - 1:00pm Lunch in Exhibit Hall
1:00pm  AAFPRS Business Management and Marketing

Evaluation and CME Credits
With the launch of the AAFPRS Foundation’s LEARN (Lifelong Educational and Research Network) in 2013, we now have the capability of capturing meeting evaluation responses and award CME credits to participants on line at www.aafprs-learn.org.

Please note that in order to access your personal LEARN account, you will need to know your AAFPRS log on ID and password. If you do not know your current AAFPRS ID and password, please visit Karen Sloat in the registration area and she will provide you with the necessary information to complete your evaluation and claim your CME Credits. Knowing this information ahead of time will avoid delay in obtaining your credits on-site.

There is a Tutorial on the LEARN home page that will describe the various aspects of the site and how each can assist you in building your personal educational experience. Don’t wait; visit the LEARN site at: http://www.cecity.com/aafprs/2013/tutorial/ player.html.

Exhibitors

AAFPRS Membership Booth
Booth 600
310 S. Henry Street
Alexandria, VA 22314
703-299-9291; 703-299-8898, fax
www.aafprs.org
Make sure you come by the AAFPRS booth and have a peek at the new Robert L. Simons Archives and Heritage Center. Here, you may also pick up your 50th Anniversary give-away (while supplies last) and participate in other surprises. Also check out what the AAFPRS offers members to assist in enhancing their practice such as the attractive series of patient education brochures and the Face Book; the print advertising kit; and more.

AAFPRS Video Learning Center
Booth 310-314
310 S. Henry Street
Alexandria, VA 22314
703-299-9291; 703-299-8898, fax
www.aafprs.org
The popular AAFPRS Video Learning Center will be present and will be open to all meeting attendees. The John Dickinson Memorial Library has over 275 procedural and instructional DVDs which you can view at the meeting. You may also purchase the DVDs on-site and receive a 10% meeting discount.

Advice Media
Booth 313
PO Box 982064
Park City, UT 84098
801-367-7001
www.advicemedia.com
Advice Media is a leader in online digital marketing. Our team of designers, developers, writers, editors, search engine visibility specialists, digital marketing experts and support personnel work together to deliver the most comprehensive solutions available today. We use leading research technologies and strategies to deliver unparalleled results for our clients.

Aesthetic Brand Marketing
Booth 400
265 Santa Helena, Ste. 125
Solana Beach, CA 92075
800-395-3963; 619-923-3212, fax
www.aestheticbrandmarketing.com
We are a boutique medical marketing agency with distinct expertise servicing facial plastic surgeons. Specializing in stunning custom tailored website marketing solutions designed to drive new potential patient inquiries. ABM’s unique blend of internet consulting, search engine optimization, social media marketing & digital PR generate strong returns for our clients.

Allergan
Booth 101

Disclaimer
Registrants for this course understand that medical and scientific knowledge is constantly evolving and that the views and techniques of the instructors are their own and may reflect innovations and opinions not universally shared. The views and techniques of the instructors are not necessarily those of the Academy or its Foundation but are presented in this forum to advance scientific and medical education. Registrants waive any claim against the Academy or its Foundation arising out of information presented in this course. Registrants also understand that operating rooms and health-care facilities present inherent dangers. Registrants waive any claim against the Academy or Foundation for injury or other damage resulting in any way from course participation. This educational program is not designed for certification purposes. Neither the AAFPRS nor its Foundation provides certification of proficiency for those attending.
ABOUT THE AAFPRS
ITS HISTORY
The American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS) was founded in 1964 and represents nearly 2,500 facial plastic and reconstructive surgeons throughout the world. The AAFPRS is a National Medical Specialty Society of the American Medical Association (AMA). The AAFPRS holds an official seat in the AMA House of Delegates and on the American College of Surgeons board of governors.

ITS MEMBERS
The majority of AAFPRS members and fellows are certified by the American Board of Otolaryngology-Head and Neck Surgery, which includes examination in facial plastic and reconstructive surgery procedures, and the American Board of Facial Plastic and Reconstructive Surgery. Other AAFPRS members are surgeons certified in ophthalmology, plastic surgery, and dermatology.

ABOUT THE AAFPRS FOUNDATION
In 1974, the Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS Foundation) was created to address the medical and scientific issues and challenges which confront facial plastic surgeons.

The AAFPRS Foundation established a proactive research program and educational resources for leaders in facial plastic surgery. Through courses, workshops, and other scientific presentations, as well as a highly respected fellowship training program, the AAFPRS Foundation has consistently provided quality educational programs for the dissemination of knowledge and information among facial plastic surgeons.

In the early 1990s, FACE TO FACE humanitarian programs were established so that AAFPRS members could use their skills and share their talent in helping the less fortunate individuals here and abroad.

• FACE TO FACE: International brings AAFPRS members to third world countries where they treat children with facial birth defects and anomalies.

• FACE TO FACE: The Domestic Violence Project allows AAFPRS members to perform surgeries on survivors of domestic abuse here in the United States, who have received injuries to their faces.

• The newest member to FACE TO FACE is FACES OF HONOR. This program offers free surgical care for soldiers who have been injured in the line of duty.

EXECUTIVE COMMITTEE
The year indicates the expiration of term as a board member.
Edward H. Farrior, MD, President (2015)
Robert M. Kellman, MD, Immediate Past President (2014)
Stephen S. Park, MD President-elect (2016)
Minas Constantini, MD, Secretary (2017)
William H. Truswell, MD, Treasurer (2016)
Edwin F. Williams, III, MD, Group VP for Public and Regulatory Affairs (2014)
Theda C. Kontis, MD, Group VP for Membership and Society Relations (2016)
Fred G. Fedok, MD, Group VP for Education (2015)*
Craig S. Murakami, MD, Group VP for Research, Development, and Humanitarian Programs (2015)*
Wm. Russell Ries, MD, Group VP for Public and Regulatory Affairs (2018)*+
Stephen C. Duffy, Executive Vice President+
* Ex-officio member of the Executive Committee
+ Non-voting member of the Executive Committee

BOARD OF DIRECTORS
The Board also includes all those listed above.
Patrick J. Byrne, MD, Eastern Regional Director (2016)
David W. Kim, MD, Western Regional Director (2016)
Harvey D. Strecker, MD, Canadian Regional Director (2014)
Richard E. Davis, MD, Southern Regional Director (2014)
J. David Kriet, MD, Midwestern Regional Director (2014)
Andres Cantous, MD, Canadian Regional Director-elect (2017)
John S. Rhee, MD, Midwestern Regional Director-elect (2017)
Phillip R. Langsdon, MD, Southern Regional Director-elect (2017)
Grant S. Hamilton, MD, Young Physician Representative (2014)
Anthony P. Scalfani, MD, Director-at-Large (2017)

# 2015 CORE Grant Funding Opportunities

**Submission Deadlines**
Letter of Intent (LOI) to be submitted electronically by December 15, 2014 midnight ET
Application to be submitted electronically by January 15, 2015 midnight ET

## THE ALCION FOUNDATION
**AAO-HNSF Resident Research Grant**
Sponsored by The Alcon Foundation
$10,000, non-renewable, one year to complete project. One available annually.

## AMERICAN ACADEMY OF OTOLARYNGOLOGY — HEAD AND NECK SURGERY FOUNDATION (AAO-HNSF)

### **AAO-HNSF Resident Research Award**
$10,000, non-renewable, one year to complete project. Up to eight available annually.

### **AAO-HNSF Maureen Hanley Research Grant**
$50,000, renewable, one to two years to complete project. One available annually.

### **AAO-HNSF Percy Memorial Research Award**
$25,000, non-renewable, one year to complete project. One available annually.

### **AAO-HNSF Health Services Research Grant**
$10,000, non-renewable, one year to complete project. Up to two available annually.

### **AAO-HNSF Bobby R. Alford Endowed Research Grant**
$30,000, non-renewable, one year to complete project. One available.

## AMERICAN HEAD AND NECK SOCIETY (AHNS)

**AHNS Pilot Grant**
$10,000, non-renewable, one year to complete project. One available annually.

**AHNS Alando J. Ballantyne Resident Research Pilot Grant**
$10,000, non-renewable, one year to complete project. One available annually.

**AHNS/AAO-HNSF Young Investigator Combined Award**
$40,000 ($20,000 per year), non-renewable, two years to complete project. One available annually.

**AHNS/AAO-HNSF Translational Innovator Combined Award**
$80,000 ($40,000 per year), non-renewable, two years to complete project. One available annually.

## AMERICAN RHINOLOGIC SOCIETY (ARS)

**ARS New Investigator Award**
$25,000 ($12,500 per year), non-renewable, two years to complete project. One available annually.

**ARS Resident Research Grant**
$8,000, non-renewable, one year to complete project. Two available annually.

## AMERICAN SOCIETY OF PEDIATRIC OTOLARYNGOLOGY (ASPO)

**ASPO Dustin Micah Harper Recurrent Respiratory Papillomatosis Research Grant**
$10,000, non-renewable, one year to complete project. One available annually.

**ASPO Research Career Development Award**
$40,000, non-renewable, one to two years to complete project. One available annually.

## ASSOCIATION OF MIGRAINE DISORDERS (AMD)

**AMD Resident Research Grant**
$5,000, non-renewable, one year to complete project. One available annually.

**AMD Research Grant**
$50,000, non-renewable, one year to complete project. One available annually.

## COOK MEDICAL

**AAO-HNSF Resident Research Grant sponsored by**
Cook Medical $10,000, non-renewable, one year to complete project. One available annually.

## THE EDUCATIONAL AND RESEARCH FOUNDATION FOR THE AMERICAN ACADEMY OF FACIAL PLASTIC AND RECONSTRUCTIVE SURGERY (AAFRS)

**AAFRS Leslie Bernstein Grant**
$25,000, non-renewable, up to three years in which to complete project. One available annually.

**AAFRS Leslie Bernstein Resident Research Grant**
$5,000, non-renewable, up to two years to complete project. Two available annually.

**AAFRS Leslie Bernstein Investigator Development Grant**
$15,000, non-renewable, up to three years to complete project. One available annually.

**AAFRS Research Scholar Award**
$30,000, renewable, may receive grant in second and third year, up to three years to complete project. One available annually.

## THE OTICON FOUNDATION

**AAO-HNSF Resident Research Grant sponsored by the Oticon Foundation**
$10,000, non-renewable, one year to complete project. One available annually.

ULThERAPY IS THE “BEST IN-OFFICE TREATMENT”

According to NewBeauty’s BEAUTY CHOICE AWARDS

Drive Practice Growth with the ONLY FDA-Cleared Non-Invasive Lift that also Improves Wrinkles on the Chest

Lift Lax Skin on the BROW, under the CHIN & on the NECK

PRE-TREATMENT       DAY 450, Single Treatment
PRE-TREATMENT       DAY 90, Single Treatment
PRE-TREATMENT       DAY 180, Single Treatment

WHY IS ULThERAPY THE “BEST IN-OFFICE TREATMENT”?

• The ONLY FDA-Cleared Non-Invasive Lift
• Specifically Indicated to Improve Lines & Wrinkles on the Chest
• Clinically Proven Efficacy After One Treatment with NO Downtime
• Broad Patient Awareness - 200M+ Media Impressions in 2013
• Hourly Profit is 2-3x Greater Than Other Non-Invasive Procedures

To Learn More About Ultherapy: Visit DemoUltherapy.com or call 1.877.858.4372

Ultherapy®
SEE THE BEAUTY OF SOUND™

The ONLY FDA-Cleared Procedure That:
• Non-Invasively Lifts the Neck, Chin and Brow
• Specifically Improves Wrinkles on the Chest
When your facial artistry and our financial flexibility come together, it’s a beautiful thing.

You’ve spent years developing your aesthetic mastery to help patients achieve their beauty goals and understand the importance of creating a beautiful patient experience. This includes accepting the CareCredit health and beauty credit card that provides the financial convenience today’s savvy patients want.

- 89% of cardholders are highly satisfied with CareCredit*
- CareCredit has over 8 million cardholders with over $24 billion in available credit
- A choice of special financing options that give patients the flexibility to make monthly payments

CareCredit is an ideal financial complement to your artful expertise. To get started at no cost to enroll, call 866-247-3049 today.

*Cardholder Engagement Study, Q4 2013, conducted for CareCredit by Chadwick Martin Bailey.
The (SMOOTH) Solution

JUVÉDERM® XC is the smooth* HA dermal filler for moderate to severe facial wrinkles and folds that provides natural-looking results lasting up to 1 year with initial optimal treatment.4,5

JUVÉDERM® XC Important Information

Indication
JUVÉDERM® XC injectable gel is indicated for injection into the mid-to-deep dermis for correction of moderate to severe facial wrinkles and folds (such as nasolabial folds).

IMPORTANT SAFETY INFORMATION

CONTRAINDICATIONS
JUVÉDERM® XC injectable gel should not be used in patients who have severe allergies, marked by a history of anaphylaxis or history or presence of multiple severe allergies, and should not be used in patients with a history of allergies to gram-positive bacterial proteins or lidocaine.

WARNINGS
- JUVÉDERM® XC injectable gel must not be injected into blood vessels and should not be used in vascular-rich areas. Use in these areas, such as glabella and nose, has resulted in cases of vascular embolization, occlusion of the vessels, ischemia or infarction, or blindness. Symptoms of vascular occlusion and embolization include pain that is disproportionate to the procedure or remote to the injection site, immediate blanching extending beyond the injected area, and color changes that reflect ischemic tissue such as a dusky or malarial appearance.
- Product use at specific sites in which an active inflammatory process (skin infections such as cysts, pimples, rashes, or hives) or infection is present should be deferred until the underlying process has been controlled.

PRECAUTIONS
- The safety and effectiveness for the treatment of anatomic regions other than facial wrinkles and folds (such as lips) have not been established.
- As with all transcutaneous procedures, dermal filler implantation carries a risk of infection. Follow standard precautions associated with injectable materials.
- The safety for use during pregnancy and in breastfeeding females has not been established.
- The safety for use in patients under 18 years has not been established.
- The safety in patients with known susceptibility to keloid formation, hypertrophic scarring, and pigmentation disorders has not been studied.
- JUVÉDERM® XC injectable gel should be used with caution in patients on immunosuppressive therapy.
- Patients who are using products that can prolong bleeding (such as aspirin, nonsteroidal anti-inflammatory drugs, and warfarin) may experience increased bruising or bleeding at treatment sites.
- Patients should be limited to 20 mL of JUVÉDERM® XC per 60 kg (130 lbs) body mass per year. The safety of injecting greater amounts has not been established.

ADVERSE EVENTS
The most commonly reported side effects are temporary injection-site redness, swelling, pain/tenderness, firmness, lumps/bumps, bruising, discoloration, and itching. Most side effects are mild or moderate in nature, lasting 7 days or less.

To report a problem with JUVÉDERM® XC, please call Allergan Product Surveillance at 1-800-624-4261.

For more information, please see the About Safety page at www.juvederm.com or call the Allergan Medical Information line at 1-800-433-8871.

JUVÉDERM® XC injectable gel is available by prescription only.
